Joe-

Thank you for your time today meeting with Dave and me regarding the reason for and process associated with re-advertising the public hearing process with the Planning Board for the project. We understand the Perfect Storm you and the Board are in.

On behalf of David Brossi and Brigati Village, LLC, we grant you the authorization to re-advertise the public hearing. We understand from you that due to the circumstances that have arisen to cause the hearing(s) to be re-advertised, Mr. Brossi will not be responsible for any of the charges associated therewith.

Thanks,

-Wayne
